Bureau of Alcohol, Tobacco,
Firearms and Explosives

www.atf.gov

July 2, 2020

REFER TO: 2019-1275

VIA Email: 48490-25710664@requests.muckrock.com
Mr. Matthew Guariglia

Dear Mr. Guariglia:

This responds to your Freedom of Information Act (FOIA) request dated February 8, 2018, and received by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) on July 5, 2019, in which you requested records concerning Sale of Flamethrowers by Elon Musk's Boring Company.

In response to your request, we have processed a total of 150 pages of responsive material.

We are withholding third party information, including the names of ATF employees, under FOIA Exemption (b)(6). To disclose personal information about a living individual to a member of the public, we need the written consent from the persons whose information you requested. Without written consent, proof of death, or an overriding public interest, personal information is exempt from disclosure under the FOIA. The FOIA does not require agencies to disclose information that would constitute a clearly unwarranted invasion of the personal privacy of third parties (5 U.S.C. § 552(b)(6)).

For your information, Congress excluded three discrete categories of law enforcement and national security records from the requirements of the FOIA. *See* 5 U.S.C. § 552(c). This response is limited to those records that are subject to the requirements of the FOIA. This is a standard notification that is given to all our requesters and should not be taken as an indication that excluded records do, or do not, exist.

You may contact our FOIA Public Liaisons, Darryl Webb or Zina Kornegay, at (202) 648-7390, for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, Room 2510, 8601 Adelphi Road, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

Mr. Matthew Guariglia

If you are not satisfied with my response to this request, you may administratively appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. Your appeal must be postmarked or electronically transmitted within 90 days of the date of my response to your request. If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal."

Sincerely,

Adam C. Siple
Chief
Information and Privacy Governance Division

Enclosure

No 'Mistake': As Bump Stock Bans Taken Up, Some Say ATF Ruling Should Stick

NH1 News

In the immediate aftermath of the deadliest mass shooting in modern U.S. history, there was a fevered pitch to ban bump stocks, the device that allowed the shooter's semi-automatic rifles to mimic the rapid fire of machine guns. With that push stalled at the federal level, a handful of states and some cities ...

A former **ATF** weapons expert explains why the government can't stop Elon Musk's flamethrower

Business Insider

Elon Musk's Boring Company recently sold 20,000 flamethrowers to the public, which has caused some lawmakers to move to ban them outright. The **ATF** could ban the flamethrower through the National Firearms Act, but can't yet since there's no legal definition for them. As such, Congress would need ...

Hi Gary,

We have looked into this and the following can serve as the ATF statement on this matter.

"Domestic production and possession of flamethrowers are not regulated by the Gun Control Act or National Firearms Act. Therefore ATF has no regulatory function in this matter."

Thanks again for reaching out to us regarding this.

Hi (b) (6)

Thanks for taking my call, as we discussed here is the info on Elon Musk announcing he is selling 20,000 flamethrowers to customers. He claims they are ATF legal due to allegedly producing a flame shorter than 10 ft, but I wanted to see if the ATF was aware of the flamethrowers, if you plan on speaking with Mr. Musk about producing them and if there are any warnings/restrictions for customers thinking about purchasing them. Thanks for the help!
